A.C. Entertainment Technologies Ltd. are proud to announce their status as an Official Sponsor of the Jack Goff racing team for the 2010 ELF Renault Clio Cup with Michelin Championship.

The sponsorship package sees AC-ET continue its strong association to the field of professional motorsport, with each partner operating at the forefront of leading-edge new technology in its respective sector.

Driver Jack Goff is one of the most promising young talents in UK motorsport. For this year's Championship he is sponsored by several entertainment technology companies, including Avolites, Fibre Optic Systems, GLP, HSL Group, Litestructures, Pixel Range, Robe, Rope & Rigging and SES.

Jack Goff and his Renault Clio racing car will be appearing in the JG-Motorsport Lounge at the PLASA 2010 tradeshow. Visitors to the lounge have a chance to enter a free prize draw to win an exclusive track day experience with Jack.

Jack is still looking for sponsors for next year's Championship. For all enquiries please contact AC-ET's Northern Sales Director, Jonathan Walters on 0113 255 7666 or email jonathan.walters@ac-et.com .

AC-ET's UK Sales Director, Phill Capstick commented: *"Further to AC-ET's sponsorship of the BRDC's exclusive Rising Stars Programme supporting promising young British racing drivers, it was a natural progression to sponsor a talented up and coming driver from the local area. We are proud to continue to support the UK motorsport industry and be associated with an industry that harnesses the very best technologies available to deliver dynamic and exciting entertainment-value - something which fits with our own industry clients' needs. We wish Jack Goff the best of luck with this year's Championship."*
